INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Madam/Sir:

To comply with 37 CFR §§1.97 and 1.98, Applicants submit the enclosed Forms PTO/SB/08A and PTO/SB/08B, and copies of the cited references, to the extent required.

In accordance with MPEP §609 and §707.05(b), Applicants request that the cited references be given thorough consideration, and that the Examiner cite the references in the prosecution history by initialing the Forms next to the citations. Applicants request such initialing even if the Examiner does not consider: (1) a cited reference to be sufficiently pertinent to use in a rejection, or (2) the guidelines for a citation to have been fully satisfied. Applicants make this request so that the cited references become cited on the face of a patent issuing from the above-referenced application.

Applicants submit this Information Disclosure Statement in compliance with the duty to disclose information material to patentability under 37 CFR §1.56, but, by listing the references, Applicants are not admitting that the references are necessarily relevant or prior art. Applicants intend no representation that the references represent the results of a complete search. Applicants anticipate that the Examiner, in the normal course of examination, will make an independent search consistent with 37 CFR §1.104. Applicants also anticipate that, in the course

of such search, the Examiner will review for relevance the cited references, even if not initialed.

Applicants presume that the Examiner is aware of the scope of the disclosures, as well as any issues raised, searches conducted, and examination results in the parent international patent application (*i.e.*, International Patent Application No. PCT/EP2004/052762), as well as the grandparent patent application (*i.e.*, European Patent Application No. 03078569.5). Applicants also presume that the Examiner will take those scopes, issues, searches, and examination results into account when examining the instant application. If the Examiner needs additional information regarding either application, Applicants request that the Examiner notify the Undersigned.

Pursuant to 37 C.F.R. §1.98(a)(2), Applicants have not enclosed a copy of any cited published U.S. patent reference. Applicants, however, are happy to provide copies of any such reference upon request from the Examiner.

Finally, Applicants have disclosed International Publication No. WO 2005/046656 in the attached Form PTO/SB/08A. Applicants wish to put the Examiner on notice that a U.S. national stage application is being filed off that application in parallel with the filing of this patent application.
